CONCEPT 5

BASED ON THE TERM 'SCIENCE', THE PROJECT IS DECLINED INTO THREE ENTITIES: MATHEMATIC, PHYSIC AND CHEMISTRY WHICH INVOLVED NUMEROUS RESULT OF SCIENCE: MOVEMENT, LIGHT, MATERIALS, IT...

THIS PROJECT AIMS AT SHOWING THE SCIENTIST'S RESEARCH'S RESULT BY USING 3 DIFFERENT VOLUMES WHICH ARE DISCONNECTED IN SURFACES BUT CONNECTED UNDERNEATH. THE COMBINATION OF THIS TWO LEVELS CREATES A COLLABORATIVE ENVIRONMENT WHERE PUBLIC CAN DIRECTLY INTERACT WITH SCIENTISTS THROUGH A MULTIPLICITY OF WORKSHOPS AND SENSITIZATION AROUND THE MAIN TERM SCIENCES. ALL THE WORKSHOPS HAPPEN IN THE BASEMENT OF THE BUILDING WHICH IS ORGANISED AS AN OPEN SPACE WHERE ALL DIFFERENT SUBJECTS LIVE TOGETHER TO CREATE A RESULT OF SCIENCE. MOST OF THE SOCIETY IS NOT AWARE ABOUT ALL THE RESEARCH WHICH INVOLVED AN INNOVATION. THAT IS WHY THIS BASEMENT IS A WAY TO TEACH THE PUBLIC ABOUT THE MANY STEPS A SCIENTIST HAS TO CLIMB BEFORE OBTAIN A RESULT.

THIS IS THE RESULT WHICH WILL BE DISPLAYED IN THE GROUND FLOOR: A SPACE DIVIDED INTO THREE VOLUMES WHICH MEET IN AN INVISIBLE POINT IN THE CENTRE. THOSE THREE VOLUMES WHICH LOOK CLOSED FROM THE OUTSIDE, INVITE THE PUBLIC TO WALK THROUGH A FLAW TO DISCOVER A TRANSLUCID (TRANSPARENT) FAÇADE, OBJECT OF INTERACTION, SYMBOLIC OF THE POROSITY BETWEEN THE PUBLIC AND THE KNOWLEDGE INVOLVED BY SCIENCES.

THIS PROJECT SYMBOLISES THE EMERGENCE OF ALL THE SCIENTISTS' WORK WHICH IS DONE IN A HIDING WAY (THE BASEMENT) BECAUSE IT IS VERY HARD TO UNDERSTAND, TO A FINAL RESULT WHICH IS A MATTER OF INNOVATION AND EVOLUTION WHERE PEOPLE CAN DIRECTLY INTERACT WITH (THE GROUND FLOOR AND ITS THREE VOLUMES). THE PLUS OF THIS PROJECT IS THAT THE SCIENCE IS NOT JUST A RESULT ANYMORE FOR THE PUBLIC, BUT BY USING THE WORKSHOPS, IT BECOMES A CONSCIOUS OF THE WORK INVOLVED BY THIS RESULT.
